Sir:

This will confirm the telephone interviews conducted on September 10 and 11, 2026, between the undersigned attorney and Supervisory Primary Examiner Robert (Tse) Chen. The undersigned contacted SPE Chen because applicant had filed a response to final action on July 9, 2026, which should have *prima facie* overcome all the rejections of record, yet no response had yet been received. The undersigned pointed out that September 11, 2026, was the end of the six month non-extendable period for response to the Final Rejection of March 11, 2026. The undersigned requested an action on applicant's paper filed July 9, 2026, prior to this deadline so as to avoid the filing of an RCE or a Notice of Appeal with payment of extension of time

fees due to the failure of the examiner to timely respond to applicant's Amendment of July 9, 2026.

Examiner Chen informed the undersigned that the examiner in charge of this case, Examiner Doan, was on extended leave and would not be returning prior to the September 11, 2026, deadline. The undersigned requested that Examiner Chen at least remove the finality of the March 11, 2026, Office Action so as to remove the time deadline on applicant, in view of the unfortunate delay on the part of the USPTO.

On September 11, 2026, Examiner Chen contacted the undersigned by telephone to inform him that he had withdrawn the finality of the Office Action of March 11, 2026, and so applicant did not have to file any further papers prior to the end of September 11, 2026, in order to keep the case alive. Examiner Chen is thanked for this courtesy. It is understood that an Official response to applicant's amendment of July 9, 2026, will be forthcoming upon Examiner Doan's return.

In view of SPE Chen's oral notice of withdrawal of the finality of the Office Action of March 11, 2026, and with SPE Chen's agreement, applicant is taking no action to avoid abandonment at this time other than to file this interview summary, as none is needed.
